ENVIRONMENT

What you will learn

Develop supervisory and leadership-level business administration skills:

- ▶ Business administration principles and organisational structures.
- ▶ Managing office systems, resources, and admin procedures.
- ▶ Professional communication: writing reports and delivering presentations.
- ▶ Leadership, teamwork, and conflict resolution.
- ▶ Planning and managing projects, including budgeting and resource allocation.
- ▶ Advanced customer service and dealing with challenging situations.
- ▶ Business document production, record-keeping, and compliance (GDPR, data protection).
- ▶ Using advanced office software (Microsoft Word, Excel, Teams, Outlook and more).
- ▶ Strategic decision-making, critical thinking, and policy development.

Practical learning:

- ▶ Case studies, simulations, and group tasks.
- ▶ Leadership role-plays and presentations.
- ▶ Hands-on IT and software training for business and project applications.
- ▶ Role-playing exercises in leadership, communication, and problem-solving.
- ▶ Presentation skills development with feedback and evaluation.
- ▶ Build skills for modern office and remote admin roles.

Upon completion, students will be confident in leading teams, managing projects, and making business decisions effectively.

Entry Requirements

- ▶ Learners should have a Level 2 qualification in business administration or relevant work experience. Strong communication, IT, and organisational skills are recommended. A willingness to develop leadership and strategic thinking abilities.

What you will learn

Go deeper with full project-based learning to prepare for management-level roles:

- ▶ Advanced business admin principles and organisational efficiency.
- ▶ Leadership and management of teams and business functions.
- ▶ High-level business communication, including formal reports, presentations, and correspondence.
- ▶ Project management fundamentals, including planning, execution, and risk management.
- ▶ Business decision-making and negotiation skills.
- ▶ Customer relationship management (CRM) and business development.
- ▶ Governance and compliance: GDPR, health & safety, ethical business practices.
- ▶ Business software, databases, and resource management tools.

Hands-on components:

- ▶ Simulated business tasks (e.g. financial/resource allocation).
- ▶ Work-based projects and real-world scenarios.
- ▶ Strategic case studies and leadership role plays.
- ▶ Digital tools for planning, reporting, and managing teams.

The qualification is widely recognised by employers and can support career growth into management. Upon completion, students will be confident in leading teams, managing business operations, and making strategic decisions.

Entry Requirements

- ▶ Learners should have a Level 2 or Level 3 qualification in business administration or related fields. Alternatively, at least one year of administrative or office-based work experience is recommended.
- ▶ Strong communication, organisational, and IT skills are beneficial.
