The Chief Executive shall arrange wherever possible a suitable division of staff duties so that the officer who certified the invoice as correct shall not, unless the circumstances are exceptional, be the person who either placed the order, or has certified the receipt of goods or completion of the work concerned. 19. Changes in payment details of employees and suppliers

- 19.1. One of the most common forms of modern fraud is where fraudsters hack into work email accounts, or supplier email accounts, and email the Finance team instructing them to update the employee's/supplier's bank details prior to the next payment.
- 19.2. ELATT must take all practical steps to minimise this risk. This means at a minimum:
 - If we receive an email from a supplier requesting change of bank details, we will phone that supplier to receive confirmation of the change prior to processing it. We will keep a record of this call by way of email confirmation to finance@elatt.org.uk, saved in the Sharepoint Finance Team audit folder.
 - If we receive an email from an employee requesting change of bank details, we will seek a face to face meeting with the employee to confirm the new details. If this is not possible, we will call the employee to seek confirmation. We will keep a record of this conversation by way of email confirmation to finance@elatt.org.uk, saved in the Sharepoint Finance Team audit folder.
 - We will not process any change of bank details without first taking these steps as outlined above.

This policy is non-contractual and may change from time to time.
